Get Connected!

BAPConnect was born out of a need for chapters to communicate both within and between each other, to reconnect with lifelong BAP members and to have a place where members can go to quickly get answers to questions on various BAP related topics. BAPConnect will also be used to house content that can only be accessed through the portal.

Please follow the below instructions to begin using BAPConnect. If you have any questions please contact Cortney McCullough, BAP marketing and communications specialist at cmccullough@aicpa.org or 919-402-4813.

Profile Instructions

1. Go to www.bapconnect.org and click the sign up at the top right corner of the webpage.
2. Enter your email and birthday and create a password. Then click sign up!
3. Enter the demographics information on the next page and make sure to upload a profile picture (you must have a profile picture to continue).
4. Continue adding information to your profile, upload pictures and videos and start connecting!

Stay Connected!

Creating a group for your chapter

If a group has already been created for your chapter (this was only done for pilot chapters and is done for attending chapters the week of their Regional Meeting), it is necessary to follow the instructions below to transfer administrator privileges from Beta Alpha Psi to your chapter. Until admin rights are transferred you will only be allowed to posts discussions, you can't change the group profile picture or add any information about your group to the group's profile. **If a group has not been created for your chapter email Cortney McCullough at cmccullough@aicpa.org and she will set one up for you. The group's creator must be the Beta Alpha Psi executive office.**

1. Identify one or two main people that will be the administrators for your group.
2. Make sure that the people you have identified are currently members on BAPConnect, if not they need to create an account using the steps in the profile section above.
3. Email Cortney McCullough at cmccullough@aicpa.org with the name of your chosen administrators and she will transfer admin rights to that person(s).
4. Tell all of your chapter members to join the group and start connecting!
