# Artificial Intelligence in Recruitment Ethics Case Competition

- **Date:** 1<sup>st</sup> April & 13<sup>th</sup> April 2019
  - 1<sup>st</sup> April - Pre-comp Deep Dive Workshop: The activity aims to challenge participants' ethical opinions in a workshop setting whereby they need to cooperate with team members to work through ethical dilemmas.
  - 13<sup>th</sup> April - Case Competition Presentations: To allow participants to develop and demonstrate problem solving and critical thinking skills when faced with ethical dilemmas. An additional facet of this is to develop the collaboration and presentation skills of participants through team work.
- **No. of members who participated:** 30 members across 6 teams
- **Judges & sponsor attendance:** JA Australia, Chartered Accountants Australia & New Zealand, UTS faculty & academics
- Pre & post-competition surveys conducted to gather feedback for future competitions

# Mentor Me

- **Date:** August - November 2019
- **Expected no. of participants:** 20 Mentors, 20 Members = 40
- **No. of participants in 2018:** 10 Mentors, 10 Members = 20
- **Feedback from 2018:**
  - Inspiring & enriching program which allowed mentees to set and achieve career development goals
  - Due to scheduling conflicts and clashes, mentee and mentor pairs found it challenging to meet the minimum hours of face to face engagement

# Beginners Tableau Data Workshop

- **Planned Date:** 19<sup>th</sup> September 2019
- **Facilitator:** Stefan Pfister – Vice President Sales at Salesforce
- **Expected no. of participants:** 30 members in person & upwards of 30 members online
- “Psychological research shows that 90% of all the information that people perceive comes from their sense of sight. And the simpler the way the information is put, the higher the chances that it is processed.” - *Tableau Software Review: Pros and Cons of a BI Solution for Data Visualization*
