Letters to Veterans + Kindness Project

- We honor those who are actively protecting our country especially during the pandemic. We recognize that they have sacrificed time away from their families and have dedicated themselves to their career in helping others.

- ★ United States Veterans

- In Fall 2020, our chapter wrote letters to veterans on Veteran's Day to observe the national holiday as well as extend our gratitude to those away from home.

- ★ The Kindness Project

- In Spring 2021, our chapter got involved in The Kindness Project, which allowed us to write letters and design artwork for frontline workers (doctors, nurses, medical professionals, etc.) who are risking their lives in this pandemic to save others.
