2020 AALDP Mentors

Andrew Duong

Hi! My name is Andrew Duong, and I am a fourth year studying Business Administration with an emphasis in Accounting and Organization and Management. In my free time I like to play basketball, watch anime, read webtoons, discuss the best boba shops, hang out with friends, and run away from my problems! A fun fact about me is that I ran into a pole in high school and now have a scar on my eyebrow!

Anthony Ha

Hi I'm Anthony Ha! I'm a 4th year undergraduate with a Business Economic Major with an Accounting Minor. I will be going into Tax. My hobbies are photography, video games, exploring new places, and visiting ramen shops! Some fun facts are that I earned my Eagle Scout award after 5 years of Boy Scouts and did karate up to my 2nd degree black belt.

Ashley Tang

Hello everyone! I'm Ashley, a third year Business Economics major with a minor in Accounting. I'm currently pursuing audit and just recently went through recruitment this past winter. AALDP played a HUGE role in my preparation (s/o to my mentor -3) and I would love the opportunity to share my experiences with you! Besides accounting, I love going to flea markets, trying new recipes, and going to concerts (bonus points for any indie alt/oldies fans out there)! Netflix basically consumes my life, so if you have any recs or want to go on full fangirl mode with me please feel free hmu! I know you're all here as mentees, but I'm also an open book for any life advice or situations that come up whilst navigating your college experience. I'm looking forward to meeting everyone, let's do this!!

Cathy Yun

Hello! I'm Cathy, a 3rd year Business Econ major with a minor in Accounting. Going through recruiting this past winter, I've learned so much so I'm super stoked to give my little mentee all the support and insights I have! During my free time, I like to try new

Thank You!
