Careers in Government - What's in it for me?

When you hear "government" do you think about elections and annoying tv ads? Government is so much more than that - it's about trash collection, clean water, streetlights, public transit, parks, ... the list goes on. You see the taxes taken out of your pay; someone has to make sure our tax dollars are spent as directed. In this session learn how Careers in Government provide greater work-life balance, long-term career stability, and opportunities for you to serve your community! Here from current BAP Leaders on how their chapters are working with AGA to create impact.

Learning Objectives:

- Explore the benefits of being involved in AGA
- Learn about various scholarships offered by AGA
- Learn from BAP leaders about how their chapter has connected with AGA

- Explore career opportunities in government financial management
- Learn about how being involved in a professional association and obtaining professional certifications can enhance your career and expand your opportunities.
